PIZZERIA BAR ROMA

## *La Rotella*

Since 1960, our pizzeria has combined tradition and innovation, keeping alive the authenticity of the flavors of the past.

Here, the wood-fired pizza is served on a sheet of paper, as per ancient custom, thus maintaining the heat

and fragrance until the last bite!

Cut with a wheel directly at the table, it offers a rustic and genuine experience that celebrates the true spirit of Italian pizza.

Every pizza represents a perfect balance between history and modernity, for a unique taste experience.
